Navigating industry challenges.

Empowering your paper business in a dynamic market.

In today's dynamic paper industry, businesses face unprecedented challenges. The landscape is complex, shaped by fluctuating demand, rising energy costs, and increasing pressure for sustainable practices.

As the industry evolves rapidly, with shifting demand and market consolidation, you need a logistics partner who understands the intricacies of your business. Whether you're managing specialised paper for print and food packaging or handling other paper products, every shipment is crucial to your success.

Your chosen consolidation partner.

Strategically positioned for your success.

London Medway is strategically positioned to be your preferred consolidation point for bringing paper into the UK. Our extensive facilities, specialised equipment, and prime location make us the ideal partner in this dynamic logistics landscape.

Our strategic location at the mouth of the River Thames is just the beginning of what sets us apart. This prime position means fewer bottlenecks and reduced waiting times compared to ports further downstream.

For you, this translates to more predictable delivery schedules and easier stock management – critical factors in meeting your customers' expectations for fast, reliable delivery.

Key facts and figures:

450 acres
with an additional 200 acres of development land

8 berths

1,000 meters
of quayside

10 meters
draft depth

15 million
tonnes Cargo through annually

No lock/air draught restrictions.

The London Medway advantage.

Purpose-built for paper.

We've invested heavily in creating a paper-friendly ecosystem within our port.

Our specialised storage facilities are purpose-built to handle paper products, ensuring your goods are protected from the moment they arrive until they're ready for distribution. With direct shipping routes from major paper-producing regions, including a dedicated weekly service from Finland, we're continuously expanding our connections to serve you better.

- 94,235 sq ft of specialised paper storage facilities.
- 450,000 tonnes of paper products handled each year.
- Dedicated paper operational teams with specialist knowledge of paper handling.
- Safe and efficient movement of your products with Bolzoni Auramo paper clamps and multi-pallet handlers.
- Bespoke stock management systems, utilising EDI links such as PapiNET to integrate with your own systems.

London Medway - The UK's paper gateway

Efficient solutions for your business.

Streamlined operations, swift response.

In an industry where timing is everything, our quick port turnaround times allow you to respond swiftly to market demands. Our extensive haulage network provides seamless onward connections throughout the UK, putting you closer to your customers.

Additionally, we have the capability to establish a rail link connecting Medway with the Midlands and beyond, further enhancing our connectivity and offering more flexible transportation options for your paper products.

Our range of value-added services – from customs solutions to inspections, palletisation, and labelling – allows you to streamline your operations and focus on your core business.

Investing in our shared future.

Growing together, sustainability.

The paper industry is changing, and so are we. We are extending our RoRo berth capacity, set to be operational in 2025 which will significantly increase our capacity to welcome even more shipments. This investment reflects our commitment to growing alongside you and adapting to the industry's evolving needs.

Sustainability is more than a buzzword for us – it's a core part of our strategy. Our commitment to achieving Net Zero by 2040 aligns with the increasing pressure you face to reduce carbon footprints across the supply chain. We're eager to collaborate with you on initiatives that can make a real difference in reducing CO2 emissions throughout the logistics process.
