PORT OF LIVERPOOL

REMOVAL OF THE LINKSPAN PONTOON

NOTICE IS HEREBY GIVEN that, weather permitting, the linkspan pontoon moored at the northern end of the Liverpool Landing Stage will be removed during the afternoon of 13 August 2024.

When the linkspan pontoon has been removed, the aids to navigation on that structure (i.e. two vertical fixed red lights on each outboard corner of the pontoon) will be permanently extinguished, and Mariners should update relevant publications and charts accordingly.
