

NOTICE TO MARINERS

№ 10 – 2025

HARBOUR AND PORT OF MANCHESTER

NAVIGATION SUSPENDED – LATCHFORD LOCKS TO MODE WHEEL LOCKS

NOTICE IS HEREBY GIVEN that, except for service craft operated by or for MSCC, navigation of the Ship Canal between Latchford Locks and Mode Wheel Locks is temporarily suspended pending the removal of an obstruction and completion of hydrographic surveys.

The masters of service craft that are permitted to navigate are warned of the presence of an obstruction (likely an uprooted tree) projecting approximately 300mm above the water's surface (c. 8,940mm water level) in the centre of the fairway immediately upstream of guiding light №319 (as pictured below). Craft passing this location must do so with caution and at minimum speed through the water.

A further Notice will be issued when this restriction is varied or rescinded.
