

# NOTICE TO MARINERS

## No81 – 2024

### PORT OF LIVERPOOL

#### REMOVAL OF THE WOODSIDE FERRY LANDING STAGE

NOTICE IS HEREBY GIVEN that the Woodside Ferry Landing Stage has been removed. Accordingly, the aids to navigation that were on the structure have been discontinued, and mariners should update their records and publications.

The final decommissioning phase involves removing the stage's anchors and chains, the ends of which have been marked by unlit Polyform floats. Mariners must remain clear of this area while the floats are in situ.
